ASSOCIATE DEGREE IN COMPUTER SCIENCES:

ASSOCIATE DEGREE IN COMPUTER SCIENCES

Two years degree program in computer science attracts the participants who are seeking a fast track entry into the work force, planning to continue to four years degree program, or exploring different specializations in order to clarify their careers goals.

The primary objectives of two years degree program in computer science are to let the participants learn the theoretical and mathematical foundations of computing and scientific principles underlying computing and information technology.

Academics:

Preparing students to make meaningful contributions to society
as engaged citizens and leaders in a complex world

Enrolled Students:6552

ADSCS Programme

Students' professional development and foundation building are both facilitated by their undergraduate education. Our diverse UG programmes turn students into successful people.

Enrolled Students:1219

Masters Programme

Graduate programmes encourage students to be inquisitive and enhance their knowledge and expertise in specialised sectors. As a result, AU has the most MS-level programmes available.

Enrolled Students:266

PHD Programme

Thus, the goal of the PhD programmes at AU is to provide information that fuels economic progress. However, AU sought to produce knowledge for professional development.

Air University Campuses

Air University Campuses

Building a vibrant community of creative and accomplished people from around the world

Islamabad Campus

The campus is located near the Margalla foothills in the south east corner of sector E-9 (PAF Complex) of Islamabad. The University is a degree awarding autonomous institution and its graduates are offered good placement opportunities in the job market.

Attock Campus

The campus is established in close vicinity of Pakistan Aeronautical Complex Attock and will have linkages with Aviation Research Innovation and Development (AVRID), Aviation Design Institution (AVDI) and National Aerospace Science and Technology Park (NASTP)

Multan Campus

In 2011, Air University established its second campus in Multan, Punjab, Pakistan. It offers undergraduate and postgraduate degree programs in management sciences, accounting and finance, information technology, mathematics and computer science.

Kharian Campus

Air University has established its new campus at Kharian which will be fully functional from Spring 2024 Semester. It will initially offer undergraduate programs followed by graduate programs in different disciplines.

Admission:

Admission

Offering extraordinary freedom to explore, to collaborate, and to challenge yourself

Explore the possibilities of Air University education as you map out your college journey.

We look for distinctive students who exhibit an abundance of energy and curiosity in their classes, activities, projects, research, and lives.

Air University meets the full financial need of every admitted undergrad who qualifies for assistance.

Nearly 80% of undergrads receive some form of financial assistance. Generally, tuition is covered for families with incomes below PKR.150,000.
